Safety, Comfort & Grooming Policies

Safety & Handling

Your pet's safety and comfort are our highest priorities. While every precaution is taken, grooming involves sharp tools and natural animal movement, which means minor incidents (such as nicks, cuts, scratches, nail quicking, or clipper irritation) can occasionally occur — even under the care of experienced professionals.

Behavior & Right to Refuse Service

Owners must inform us if their pet has bitten, shown aggression, or has sensitivities to specific grooming procedures. For the safety of your pet and our staff, services may be modified, paused, or discontinued at any time if a pet becomes overly stressed or poses a safety risk.

Matted, Senior & Special Considerations

Matted coats can cause significant discomfort and may conceal underlying skin irritation. In cases of severe matting, coats may need to be shaved very short. This process may reveal or contribute to temporary irritation, redness, or sensitivity.

Senior pets and pets with pre-existing medical, skin, or behavioral conditions may be more susceptible to stress, soreness, or grooming-related sensitivities. Certain services may be adjusted or declined in your pet's best interest.

Additional handling time or fees may apply for severely matted coats.

Service Adjustments

If you are not fully satisfied with your pet's groom, please notify us within 48 hours of your appointment. We are happy to make reasonable adjustments at no additional charge.

Acknowledgement & Responsibility

By signing below, I acknowledge that grooming carries inherent risks. I confirm that I have disclosed any relevant medical, behavioral, or coat conditions. I understand that Kevertin Pet Resort is not responsible for issues arising from pre-existing conditions, matting, age-related sensitivities, or reactions related to the grooming process.

I have read, understand, and agree to these policies.
